

## THE CATHOLIC UNIVERSITY OF AMERICA

### FOREIGN NATIONAL DEEMED EXPORT COMPLIANCE VERIFICATION TO BE USED WITH H-1B or O PETITIONS

United States export laws, including the Export Administration Regulations (EAR) and the International Traffic in Arms Regulations (ITAR), prohibit the disclosure, including oral or visual disclosure, or transfer of controlled technical data to foreign persons, whether in the United States or abroad. In accordance with this prohibition, the United States Citizenship and Immigration Services requires employers to certify whether a foreign national employee will have exposure to export-controlled technology or technical data.

To ensure Catholic University's compliance with export and visa sponsorship laws, please complete the following checklist to the best of your ability. If you have questions about the checklist or the types of technologies that are export-controlled, please indicate that you require assistance. The Office of Sponsored Programs will then be in contact with you. For information about Export Control Compliance at Catholic University, please view <http://counsel.cua.edu/fedlaw/EAA.cfm>

If the foreign national will work on a sponsored project, please enter the grant org number here: \_\_\_\_\_
